Cambodia Solid Waste and Plastic Management Improvement Project
IDA Grant No. 7292-KH

Request for Expression of Interest
For
Short-Term International Consultant for Geospatial Waste Fee Payment System

I. Introduction

1. The objective of the solid waste and plastic management improvement project (the Project) is to improve solid waste and plastic management in selected areas. The project will be implemented over a period of 6 years (2023-2029), and budget of US\$67.3 million will be allocated for the following four components: Component 1 – Institutional Strengthening for Solid Waste and Plastic Management (US\$ 4.32 million, implemented by Ministry of Environment), Component 2 – Integrated Solid Waste and Plastic Management, Planning, Monitoring, and Capacity Building for Participating Provinces, Municipalities and Districts (US\$8.42 million, implemented by Ministry of Interior). Component 3 – Solid Waste and Plastic Management Infrastructure (US\$54.56, implemented by Ministry of Public Works and Transport) and Component 4 – emergency response with zero allocation has been provisioned for the Bank to provide emergency support in the event of a natural disaster, emergency and/or catastrophic event.

II. The Project Development Objective (PDO) and Key Results Indicators

2. The PDO is to improve solid waste and plastic management in selected areas, and in case of an Eligible Crisis or Emergency, respond promptly and effectively to it. There are three PDO level indicators that will be measured through the following indicators: (i) Proportion of population in selected areas with regular household waste collection, to be measured by the percentage of population that will have regular waste collection; (ii) the landfill disposal capacity operational per defined criteria, to be measured by the amount of landfill disposal capacity that will be realized under the project in Cubic Meter (m³); (iii) plastics policies, guidelines, or standards developed, to be measured by the number of policies, guidelines or standards developed; and (iv) the percentage of municipal solid waste recovered, recycled, composted and/or treated with other techniques.

3. The Project now invites expressions of interest from qualified and experienced individual consultants to undertake with the assignment of **Short-Term International Consultant for Geospatial Waste Fee Payment System REF No: MOI-INV-13**. The interested consultants will be evaluated based on the qualification and relevant experience in regards to the minimum criteria listed below:

- Advanced university degree (Master's or higher) in geospatial information systems, IT systems, economics or related fields with geospatial information management applications;
- At least 5 years of experience in strategic development and design of geospatial information management systems/applications;
- Good understanding of how Central and Local Governments are structured in developing countries;
- Familiarity with World Bank or other international development partners' operational procedures is desirable.
- Good knowledge of how geospatial information management is utilized within society and the public, private and academic sectors;
- Good understanding of how to align a Government's strategic objectives and international commitments to specific geospatial use cases;
- Ability to conduct stakeholder consultations, facilitate workshops, and coordinate with line ministries and sub-national administrations. Experience of working with senior decision makers. Ability to quickly build a trusted relationship with the stakeholder staff
- Fluency in written and spoken English and good communication skills

4. The International Consultant will work as an intermittent.

5. The selection process will be carried out in accordance with provisions set forth in the Government Procurement Manual for Externally Financed Projects/Programs in Cambodia and Approved Selection Method for Individual Consultants - Section VII.
